Let's twist again

Twister Synthetic Pins have the fasting growing sales of all pins in the European market place. This video explains how they can save every Centre Owner/Operator money, as well as how they are made and tested as stand alone and against wooden pins.

For more information and special pricing, please visit [www.bowltech.net/location.htm](http://www.bowltech.net/location.htm) for contact details of your local Bowltech sales office.
